RACE WAR ON AT SPRINGFIELD, OHIO

Attack on Little Girl Starts Trouble and Militia and Machine Guns Are Sent For

(By Associated Press)

Springfield, O., March 12.—After a night of racial disorders in which a policeman and a negro were wounded, Springfield is quiet today.

Three companies of Ohio national guard are on duty with another regiment mobilized in anticipation of further rioting. Machine guns are mounted at the county jail and while militiamen are not patrolling streets, they are under arms ready for action.

The rioting was the outgrowth of a negro's attack on the 11-year-old white girl Monday night. The negro escaped. Rumors that he had been arrested drew large crowds to the county jail for the past three nights.

Efforts of policemen to disperse negroes at various points last night led to the shooting of Patrolman Joseph Ryan and later to a pitched battle between officers and negroes.

Sheriff Jones today was placed in complete charge of the situation. He forbade public gatherings after six o'clock. This evening street car and automobile traffic will stop an hour later.

Ryan was wounded probably fatally, when he was shot by a negro whom he was searching.

According to a young negro arrested soon after Ryan was shot, the officer had ordered a crowd of 10 negroes to disperse when one of the blacks fired.

PAINT LICK

Polly Thompson, who was arrested in company with Barney Thompson, is out on \$500 bond to appear in May court. This is the third time Polly has been arrested and tried for bootlegging, having been out about 6 months and promised he would do better if the people around Paint Lick would not get any more indictments against him.

Shortly after the shooting of Patrolman Ryan a mob of 2,000 men formed in the downtown district and swarmed to the city jail.

It was reported that one negro had been arrested in connection to divulge any information, but it was understood a negro, in custody of special officers, had been rushed from the city.

Police soon dispersed the mob at the Clarke county jail. As the men moved away a number were heard to make threats to burn the negro districts.

Five department companies were called to the double house at 1719 Orchard place shortly before midnight to extinguish a flame that started in the rear of the house. Two negroes were said to have been seen running from the rear of the house shortly before firemen were summoned.

The negro who shot Ryan is said to have shot times at the officer. Three bullets struck Ryan. One struck his neck, another in the hand and the third caused a flesh wound in the abdomen.

Upon reaching a hospital Ryan told attendants that he had had trouble with the negro who shot him twice previously last evening.

A crowd of white men early on Friday morning chased a negro on West Main street, west of Fisher street. The black escaped.

Developments of race antagonism here followed an attack on Marge Fernau, 11 years old, by an unidentified negro Monday night. Early Thursday City Manager Parsons issued a statement that any person caught with firearms in his possession would be arrested.

Search has been continued for the black who lured the child to a vacant house to commit the crime.

Police officials, however, soon informed the mob that the negro had not been captured and trouble was averted.

Wednesday night, in order to convince the crowd, a committee of four men was selected, led thru the jail and permitted to see all the prisoners. The committee reported to the mob "the man is not here."

Thursday night the crowd of men downtown was even larger. The number of police was increased and crowds were told to keep moving. A number of near clashes between whites and negroes took place, but serious trou-

ble was averted.

A negro carrying a loaded revolver was taken into custody late Thursday night. Police refused to make his name public. Springfield, a city of 60,000 population, has a negro population of approximately one-fourth. The negroes are grouped in various sections of the city, there being no segregated negro district.

MRS. JULIA A. ROSS DIES AT KIRKSVILLE

Mrs. Julia A. Ross died at the home of her son, J. N. Ross, at Kirksville, late Thursday afternoon. She had been there only a short while when the end came. Prior to this time she had made her home with Mrs. Ida Parke. The deceased was 70 years of age and for the past two years had been an invalid and bore her suffering with great patience and fortitude. She was a true Christian character, having been a member of the Christian church since childhood, and was loved by all who knew her.

She is survived by a son and three daughters, Mr. J. N. Ross, Mrs. E. P. Jones, Kirksville; Mrs. Ida Parke and Mrs. Steve Jones, of Richmond, and besides these two sisters and seven brothers mourn her loss.

The funeral services will be held at the grave this afternoon conducted by Rev. Frank Tindler, a pastor of the Kirksville Christian church, of which she was a member. The interment will take place in the Richmond cemetery.

This is the third time Polly has been arrested and tried for bootlegging, having been out about 6 months and promised he would do better if the people around Paint Lick would not get any more indictments against him.

The remains of Mr. Henry Vanhook arrived in Paint Lick Monday evening. After funeral services at the Baptist church by Rev. Skaggs he was laid to rest in the Main cemetery. Mr. Vanhook lived on White Lick creek before moving to Richmond, Va., with his family several years ago. Dr. F. H. Smith was a visitor in Louisburg last Friday.

Mr. and Mrs. B. Ledford entertained about forty at dinner Sunday.

Mr. and Mrs. Maurice Burton are visiting relatives in Hamilton, Ohio.

Mr. R. H. Gilbert was a visitor in Richmond and Lancaster Saturday.

Currey Rice was a welcome visitor in Paint Lick a few days last week.

Mr. and Mrs. H. J. Chestnut and children were visitors of Mr. and Mrs. J. B. Chestnut in Berea Sunday.

A large crowd from Paint Lick was in Richmond Monday, it being court day.

WILSON'S FOREIGN POLICY HARDING'S AN ANNOUNCEMENT BY MAYOR EVANS

(By Associated Press)

Washington, March 12.—We have requested me again to make the policy of the Harding administration with respect to America's entry into the race for mayor. In order

rights growing out of the world, I do not differ materially from the Wilson administration, it was learned today. The situation with

respect to the island of Yap will be insisted upon and the attitude

toward the British mandate over Mesopotamia will be maintained. It is suggested a representative might be sent to the League of

Nations to present the American

point of view, but without authority to commit the United

States.

A number of people recently

crowded that they are compelled to sleep in relays. Such a condition is almost intolerable, and is

getting worse all the time.

The doctors, of whom there

were seven in the meeting, pledged

their best efforts to secure a

sufficient fund for the proposed

nurses' home. It may cost from

\$7,500 to \$10,000. The fund of

\$1,000 generously left for that

purpose by the late Mrs. Pauline

Arnold will form a nucleus for the

necessary funds. Public spirited

and generous citizens are expected

to assist in the good cause

which will be set on foot very

soon. The sick are being turned

away and not receiving attention

simply for the reason that there

is not room for them. The doctors

say something must be done.

They are going to do what they

can to remedy such a condition

and they are relying on the people

generally to help.

Ex-Senator Beckham

(Elizabethtown News)

When a new President and Vice President of the United States were sworn in March 4, J. C. W. Beckham retired from the Senate. Whether his retirement means the end of his political career depends in a great measure upon his own wishes in the matter.

If he should determine to devote his life to the practice of law and not seek further political preferment, he has already the most remarkable political record of any Kentuckian of his age.

Yet hardly in the prime of life, he has been Speaker of the Kentucky House of Representatives, Lieutenant Governor and Governor of the State for nearly eight years and United States Senator for six years.

As Governor he came into office following the assassination of William Goebel when conditions in the state were chaotic and a firm hand was needed at the helm. He was hardly old enough under the requirements of law to be governor, yet he made the state one of its best executives. When he came to office the state was a million in debt and when he left the office there was a million in the treasury, and the new capitol a credit to the Commonwealth had been built without any increase in taxation. His administration was characterized by good order and general contentment throughout the Commonwealth.

While he only served one term in the Senate he was robbed of another by the bribery of four democrats in the legislature to vote against him and was last fall robbed of re-election by the frauds in the mountains and the deliberate betrayal of the party by the liquor interests in Covington.

Senator Beckham has at all times been true to his convictions. He has fought for them at all times regardless of how they affected his political career. He was the outspoken champion and leader in the state for prohibition and while his fearless and honest position cost him two elections to the United States Senate he has the satisfaction of knowing that prohibition is not only the law of the state but of the nation as well to both of which he contributed materially. He was equally as fearless and pronounced in his opposition to woman's suffrage.

He has been one of the greatest and truest men Kentucky has produced and if he chooses to retire to public life he will do so with the perfect confidence of friends and with the forced respect of the political enemies he made in his own party.

BURLEY ASSOCIATION TO RECRUIT MEMBERS

Lexington, Ky., March 12.—Plans for a field campaign to increase the membership of the Burley Tobacco Growers' Association in all counties of this and adjoining states where burley tobacco is grown are being worked out by President John W. Newman and Treasurer O. T. Gatewood of the association, who will have active direction of organization work during the summer months.

The program to increase the membership as much as possible during the summer, to be ready to join any possible marketing system worked out by Bernard Baruch, Judge R. W. Bingham and Aaron Sapiro, who have interested themselves in the tobacco question, or to handle the problem independently next fall, was decided upon at the annual meeting of the stockholders and directors at the Lafayette hotel.

The R. J. Reynolds Tobacco Company of Winston-Salem, N. C., which has a branch plant in Lexington, is the first of the local tobacco companies to pay the special license tax of 5 cents a hogshead on storage tobacco, turning over to License Officer Rox Savage a check for \$8,005.70, the largest check received since the present license year set in. The check was for the ten months which comprise the 1921 license year, and it is based on approximately 19,000 hogsheads of tobacco in storage in Lexington.

Commissioner of Finance O'Brien estimates that around 55,000 hogsheads of tobacco in Lexington are subject to this storage tax, which will bring to the city treasury over \$20,000 for the ten months on which the license is collectable.

Galli-Curci At Lexington. Epoch-making events in the musical life of a town are few and far between, but one of those events will be brought about when Amelia Galli-Curci appears in concert, Thursday night, March 24, at Woodland Auditorium, Lexington. There are many good seats to be had for the concert and patrons are requested to write or phone the Lexington College of Music to make reservations.

Just as Caruso has made musical history, so has Galli-Curci, who is one of the list of popular idols. She is blessed with a very high and unusually flexible voice. She came in answer to the passing of the great divas, interpreters of Donizetti and Bellini. "Where shall we find another Patti?" She proved in a single performance of "Gilde" her right to be classed with the greatest of sopranos of all time. After her debut in America she began at once her way to the position of most popular soprano on the concert or operatic stage.

MOONSHINING NOW EXPENSIVE PASTIME

Uncle Sam Going After the Boys
For Taxes Now as Well as
Penalties

(By Associated Press)

Lexington, Ky., March 12.—Bootlegging and moonshining in Kentucky is getting to be quite an expensive pastime, according to statements made here today by prohibition officials. Moonshiners have for some time been subject to assessments of manufacturers' and retailers' taxes by the Internal Revenue Collector at Louisville, a total of more than \$300,000 having been assessed against convicted men during eight months of the past year.

But now agents from the office of H. R. Sanfley, Enforcement Agent for Western Kentucky, and H. J. Klaine, Enforcement Agent for Eastern Kentucky, are preparing a tax party for the bootleggers.

The enforcement officers are engaged in the task of tracing whisky removed from distilleries and bonded warehouses under government permits. They are endeavoring to follow this liquor from the still to the consumer. The search, it is hoped, will result in seeing that all taxes have been paid by persons handling the liquor and that proper persons do the handling.

"The task is an almost impossible one, however," said one official of the enforcement office here. "A great deal of the whisky removed from the warehouses on permits to be shipped to 'Jim Brown' never reached that individual, but instead went to 'Jim Smith.' It is the Jim Smiths we want to find and if the Jim Browns have been guilty of violating the law we will get them too. We will trace the trail of the whisky down to 'nothing.'

The shutting off of the supply of the wholesaler will have the effect of putting them out of business as such, in the opinion of this official, but he expects them to find some method of getting around this. He expressed the opinion that the "big bootlegger" was in fact the wholesale liquor dealer.

"While the order shutting off the supply of wholesalers will put them out of business," said the official, "I expect to see them get around that. They will simply register as wholesale druggists, buy a drug store as a blind and continue their business."

Moonshiners who are convicted and who have any property are finding their illicit trade an expensive one, according to officials. When a man is convicted or pleads guilty to moonshining and is punished by the courts, he is not through with the expense of it at all. Next the word of the case is taken to the Internal Revenue Collector. He then assesses taxes for operating a still and is as the moonshiner disposes of his product he is subject to wholesalers' and retailers' license taxes as well as penalties for not paying them.

In some cases the moonshiner has no property and of course nothing is collected. A recent case, however, was told of in which a man with some property and who was caught moonshining had to pay \$2,700 in back taxes.

FARMERS' NATIONAL SALES AGENCY PLAN

By Associated Press
Chicago, March 11—Plans for a farmers' national sales agency for the handling of their grain will be laid before farmers in all the principal grain growing states this month in a series of meetings beginning Monday.

The conferences are called the Farmers' Grain Marketing Committee of 17, which was appointed in the fall of 1920 by J. R. Howard, president of the American Farm Bureau Federation.

At each state meeting delegates will be selected to attend a final meeting in Chicago on April 6, to pass on ratification of the proposed "improved grain marketing plan" of the Committee of 17.

Representatives of all the farm organizations in each state interested in the co-operative marketing of grain, together with all the grain growers of the state, have been invited to attend the conferences. Representatives of the Committee of 17 will be present at each meeting to explain the plan in detail.

In the ratification meeting each state will have one delegate at large and one additional delegate for each \$15,000,000 worth of grain marketed annually. On this basis, Illinois will have 14 delegates; Iowa, 9; Kansas, 8; Nebraska, 7; Indiana, 7; North Dakota, 6; Minnesota, 6; South Dakota, 6; Ohio, 5; Missouri, 4; Oklahoma, 4; Washington, 3; Texas, 3; Michigan, 3; California, 2; Pennsylvania, 2; Montana, 2; Oregon, 2; Idaho, 2; Wisconsin, 2; Maryland, 2; Tennessee, 2; Virginia, 2; Colorado, 2, and Kentucky 2; making a total of 107 delegates.

LEXINGTON IRISH PROTEST TO HARDING

Lexington, March 11—Telegrams of protest, coupled with a demand that a remonstrance be sent by the United States to Great Britain, were sent today to President Warren G. Harding, Secretary of State Hughes, and Congressman Cantrell by Lafayette Council, American Association for Recognition of the Irish Republic, and Bluegrass Council Knights of Columbus, both of this city, condemning the recent execution of six Irish prisoners by British military authorities and the killing last Monday of Geo. Clancy, mayor of Limerick, and Michael O'Callahan, former mayor of that city, as reprisal for the death of Brig. Gen. Cummings, British commander of Kerry district.

The telegram sent to President Harding relative to the execution of six Irish prisoners, which was signed by Miss Mary McGuire, secretary of Lafayette council, based protest and demand for remonstrance on the Hague Covenant of 1907 and extract from one of President Hardings' public utterances. It is as follows:

"Hon. Warren G. Harding, President, White House, Washington, D. C.—British military authorities executed six Irishmen in clear violation of the provisions of Hague Covenant of 1907. Others are awaiting execution. Seven hundred citizens of Lexington demand remonstrance be sent to Great Britain. Your pledge to hear cry of civilization expected to be redeemed."

The telegram sent by Knights of Columbus also protested against the execution of Irish prisoners and condemned the assassination of the mayor and ex-mayor of Limerick.

DR. L. R. SCARBOROUGH,
Chairman Conservation Commission
Baptist 75 Million Campaign.

Dr. L. R. Scarborough, who was general director of the Baptist 75 Million Campaign, and who was later elected chairman of the Conservation Commission that is seeking to conserve all the interests of that campaign, has issued a report from the Nashville headquarters showing the various interests that have profited on campaign pledges up to Dec. 1, 1920.

With its receipts of \$2,558,956, the Foreign Mission Board has added to its territory five new provinces in China and made the beginning for opening up work in the new fields of Spain, Hungary, Rumania, Jugoslavia, and the Ukraine in Russia; strengthened its work in Syria and Palestine, made a beginning in Eastern Siberia, added the new workers to its force of American missionaries in foreign lands, provided new houses of worship, hospitals, schools, publishing plants and other institutions needed in the prosecution of missionary work. What is of even more importance, in the estimation of Secretary Love, is the completion of many institutions and undertakings that had been held up for lack of funds.

Home Missions Doubles Budget

By reason of the larger receipts from the campaign, the Home Missions Board has been enabled to practically double its annual budget for its work of evangelism, church building, work among the foreigners, Indians and negroes, mountain mission schools, enlistment, and general mission work in Cuba and Panama. The appropriations to evangelism have been practically doubled, those to church building increased between 500 and 600 per cent, those to the mountain schools, forty in number, 100 per cent, and those to the work of enlisting undeveloped churches, 300 per cent.

In the realm of state missions, which embodies such work as providing missionaries and other special workers for needy fields within the states and aiding weak congregations in the building of houses of worship, the advance made possible by the campaign ranges from 25 to 100 per cent in the eighteen states of the convention territory.

Returns to the Conservation Commission by forty-five of the Baptist institutions of learning which are sharing in the returns from the campaign, show that they have received \$2,713,756 so far. Of this sum, \$1,640,000 has been expended on improvements, \$400,000 has gone to endowment, several hundred thousand dollars in old debts have been wiped out and other improvements are under way.

Ten-New Hospitals Provided

Southern Baptists were operating fourteen hospitals when the campaign began, and as a result of the new interest in this work aroused by the campaign ten additional hospitals have been launched. These hospitals have received \$1,111,439.45 from the campaign so far, while local communities in which the hospitals are located have subscribed approximately \$2,000,000 additional. The hospitals have practically \$1,000,000 in improvements under way. The seventeen Baptist orphanages have likewise come in for much larger support as a result of the campaign, their receipts from this source being \$1,018,798.67. As a result of this income the orphanages have been enabled to make improvements valued at \$325,000.

The work of aiding aged preachers is a new one among Southern Baptists as a whole, but as a result of the campaign the Relief and Annuity Board has received \$408,148.52 from those sources and \$300,000 from Mr. Rockefeller, Sr.

ROAD CONTRACTS ARE HELD TILL NEXT WEEK

Frankfort, Ky., March 12.—The

State Highway Commission took under advisement until next week bids, which were open Friday for the construction of 27 miles of the Jackson Highway in Barren county and two miles on the Dixie in Grant county.

The Barren county project is in two sections, north and south of Glasgow, and the commission is in doubt, it is understood, whether it is expedient to let so large a contract in one county this year, as the work, with the bridges, would figure more than

\$1,600,000.

Delegations from Hart, Nelson, Larue, Barren, Allen and Warren counties, along the Jackson Highway, were here to urge the letting of the entire contract.

The Barren county representatives asked that the road be paved. Bids were invited on rock, asphalt, paving, surface treated macadam, and bituminous macadam. Barren county has contributed \$100,000 toward the project.

The Elks are assured a new \$1,000,000 home in Louisville.

THE BEST OF LUCK

AUTHORS WON FAME

Raleigh, Hamilton and Collins Masters At Writing Vivid Action Drama

Cecil Raleigh, Henry Hamilton and Arthur Collins, collaborators in writing and producing "The Best of Luck," pictured with an all star cast by Screen Classics, Inc., and which will be presented at the local theatres today, made the Theatre Royal, Drury Lane, famous the world over for brilliant and elaborately produced melodramas.

Raleigh and Hamilton were co-authors of a number of well known melodramas besides "The Best of Luck." Among them were "The Sins of Society," "The Whip" and "Sealed Orders." Each author has to his credit a number of original dramas produced at Drury Lane. Starting as an actor, Hamilton invited the writing field. His first play was produced at the Prince's Theatre in Manchester. In all he has six plays, among them "The White Heather," and "The Great Ruby."

Will Rogers' father was one of eighth Cherokee Indian and his mother a quarter blood. And then, too, there were Irish ancestors from whom he inherited a wanderlust.

Bebe Daniels of black eyes and dusky tresses, finds that stardom means hard work and plenty of it. Immediately upon her completion of "Just Drakes," she started in "Two Weeks Without Pay."

Gloria Swanson is back on the screen again after an absence of a year. Gloria wants something she can call her own. She wants to keep her baby to herself. So she hopes to keep this little Gloria entirely apart from her studio career.

In the early spring Mr. Douglas Fairbanks is expected to sail for Europe with Mary Pickford at his side. And this time Doug is going to make pictures. So you can expect to see him in scaling Westminster Abbey and jumping the London Bridge in the near future.

ALHAMBRA THEATRE AND OPERA

Pictures directed by these Producers are America's best filmed stories: Cecille B. DeMille, W. D. Taylor, J. Parker Reed, Geo. Melford, Thos. H. Ince, Geo. Fitzmaurice, Rex Beach, R. A. Walsh and Louis Weber.

TALE OF ADVENTURE BY LAND AND SEA IN PICTURE FORM

The days of the gold rush—to California, Alaska, to Australia—with their lots of human passions and weaknesses, their return to the primitive ways of living and fighting, form one of the most absorbing and dramatic periods in recent history. For most of the present generations only a word picture of that era is vouchsafed.

The real spirit of adventure and hectic atmosphere of the gold days is brought back, however, in all their original colors, with all the glamour which surrounded them. "Dead Men Tell No Tales," a Vitagraph-Tom Terriss Special Production of the famous novel by E. W. Hornung, is to resurrect these thrilling times for the screen. The production with an all star cast, is to be shown at the local theatres Tuesday and Wednesday.

Besides its historical interest, the picture is by far the most vivid, most fascinating tale of adventure which has made its appearance on the screen for some time. Those who respond with quickening pulses—and who does not?—to swashbuckling stories of the sea, of battles against tremendous odds, and of toying with human lives, will welcome the production with open arms.

The plot of "Dead Men Tell No Tales" is dramatic in the extreme with suspense, counter plot and love interest. It would be melodramatic if not for the fact that such things did actually happen when all the world was seized with the gold madness.

To Jack Holt goes the honor of being one of the seven wonders of the screen. He can successfully wear a mustache and be a hero at the same time.

Elsie Ferguson, as star, and Wm. D. Taylor as producer, are completing the Paramount production "Sacred and Profane Love." It will be a delightful picture if the censors do not ruin it.

A mammoth spectacle, an all-star cast, including Catherine Calvert. Staged at a cost of half a million dollars

Mary Pickford gave Douglas Fairbanks a Rolls Royce for Xmas, and Jack Pickford bought an old **broken** down horse at the infirmary, where he (the horse) was waiting to be made into soap or whatever it is they make horse flesh into—and tied a huge red ribbon around its neck and its tail and had the poor scrawny thing led up to the door behind Mary's Rolls Royce as a Merry Christmas from Jack. Doug had the poor old horse put out on some rich pasture, so one animal's life was saved, anyway.

Ann May is under contract with Robertson Cole to play with Julian Eltinge in "The Fascinating Widow." The picture will be released soon.

Cecile De Mille will release his Cinematization of "The Affairs of Anatol," under the guise of "The Five Kisses."

Rupert Hughes, who is now in California to write and collaborate in the direction of his original screen stories for Goldwyn, says that Helen Chadwick is one of the cleverest of our young crop of cinema actresses. He characterizes her work in his Goldwyn picture "Dangerous Curves Ahead."

Cupid has been a busy director in the film colony recently. Hobart Bosworth being his most recent star. Mr. Bosworth married Mrs. Cecile Percival, widow of an old friend of his. They spent their honeymoon at the Beverly Hills hotel in California.

Eleanor Fair, a pretty new ingenue of the screen, will be leading woman in Earl Williams' next picture, "Loot of the Night."

Rumor also has been busy with Roscoe Arbuckle and Dorothy Wallace. Fatty just returned from abroad and the engagement

Priscilla Dean's new picture is "Outside of the Law." It is said to be a good one.

Wallace McDonald and Dorie May officially announced their engagement Christmas week.

Vera Gorgan again appears as a screen mother in the latest Seelye picture "The Greatest Love."

"The First Born" is the first of the new series of Robertson Cole productions starring Sessue Hayakawa.

The sudden illness of Theda Bara was the cause of her desertion of the stage and her play "The Blue Flame."

Sir Gilbert Parker is at the Lasky Studio in California to assist in the direction of his new story, "The Money Master." Dorothy Dalton's new picture.

Ruth Roland is enjoying a six months' vacation, now that she has just completed the "Avenging Angel," a new Pathé serial which will be released some time soon.

Nazimova gave a very beautiful and expensive party on her husband's birthday last week. All the film stars were there—they came dressed as little girls and boys.

Tommy Meighan is detailed at Sing Sing. A great deal of the action of his latest photoplay "The Quarry," took place there and Tommy says he was kept there too long to feel at home.

"The Affairs of Anatol," the new Cecil B. De Mille production which will soon be released, may truthfully boast an all star cast. Here is the list—Wallace Reid, Wanda Hawley, Gloria Swanson, Theo. Roberts, Elliott Dexter, Bebe Daniels, James Ayres, Theo. Kosloff. Must be some

Nazimova is about 42 years old. Marguerite Clark's new picture is "Scrambled Wives."

Fanny Ward is now touring Europe. She is 45 years old.

Marguerite Clark is 33 years old; Mary Miles Minter is 18, and Mary Thurman 22.

Conway Tearle is married to Adèle Rowland. He is 40. Monte Blue is 30; Richard Barthelmess is 25, and is married to Mary Hay.

Ethel Clayton's new picture is "The Price of Possession." Rockcliffe Fellows is opposed her in a dual role.

D. W. Griffith is trying to buy "Ben Hur." He is prepared to pay \$150,000 for the screen rights.

Anita Stewart is to marry Adolph Cameron, Harold Lloyd is a single man. Constance Binney says she is 19—we do not ask you to believe such a report, however.

OIL FOUND ON GENERAL SIBERT'S FARM IN STATE

(By Associated Press)

Bowling Green, Ky., March 11.—It is a long cry from the Argonne to the Kentucky oil fields, but on the farm of Major General W. L. Sibert, one of the American commanders in the Argonne campaign, doughboy workers and officers have struck oil in which quantities that the storage capacity of the place was quickly exceeded, it is announced here. Sibert No. 2 well which "came in" at 395 feet flowed so fast, it is said, that within a few hours the tanks with a total capacity of 3,900 barrels were filled and the well had to be shut off.

The company, of which Col. E. N. Johnson is president, Capt. Carl F. Burkhardt vice president and Major R. G. McGlone, formerly of the gas service, is field manager, is made up almost entirely of ex-service men who saw service under General Sibert. The drilling crews are former soldiers. Sibert No. 1, the first hole drilled, was dry, but the work went on at No. 2 well with the result that a gusher was struck.

Two other wells are now being drilled on the farm.

Land Bank Will Help

(By Associated Press)

Louisville, Ky., March 12.—While the Federal Land Bank directly benefits the farmers the resumption of operation by this government agency will indirectly affect almost every person in Kentucky, according to Farmers' Union officials here. As the situation now stands, it was said, many country banks are badly handicapped because their funds are tied up in farm lands, on mortgages which the farmer has been unable to pay or has extended. Funds from the land banks will release money loaned by banks on land for use in other fields, it is claimed.

Under the rules of this "library" any person desiring books on Sunday School work or religious reference books may secure them by applying by mail to the office here. The books are loaned for two weeks with the privilege of keeping them for a month. In a good many cases, Rev. Joplin said, sends in the cost of the book with the request that the association replace it. This, he said, enables a good many people to purchase books who otherwise would not be able to get them.

Oklahoma Farmer Gives Sound Advice on Avoiding Sickness.

Used Black-Draught
30 Years.

Cameron, Okla.—"I have used Thedford's Black-Draught for about thirty years, and certainly ought to know by this time what a good medicine it is," says Mr. T. L. Bostier, a well-known farmer of this place. Mr. Bostier has passed his three-score-and-ten year, but declares his health is good, "and I can say Black-Draught did its part."

"Where there is a lot of malaria, liver medicine is a necessity, and I have found none better than Black-Draught," continues the Oklahoma man. "It is one that I know to be reliable. I sure use it for the liver, stomach, constipation, indigestion, and it has done me a world of good. We use it for the family, and it gives satisfaction."

"Most trouble, or sickness, comes from the liver, and if taken in time can be avoided. That is why I much pleased with results obtained."

Thedford's Black-Draught is a purifying vegetable. It acts on the bowels, gently stimulating the liver, and helps in erasing the normal flow of bile into the intestines. It assists in the digestion of food, and relieves constipation in a prompt and natural way.

Ask your druggist for a package to day. Insist on Thedford's. NC-123.
